

Class 2 Topic News

September 2016

Welcome to Class Two's Topic News; our topic for the Autumn Term 2016 is

We Can All Be Heroes!

We will be thinking about different types of heroes.

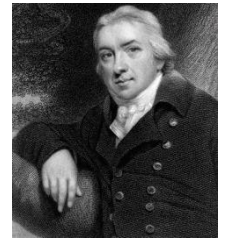

Art and Design

There will be lots of arty opportunities in our topic as we will be drawing, painting and collaging a variety of heroes. We will also be looking at the work of James Rizzi and creating a large corridor display in his style.

History

We will be learning about some real-life heroes from the past, starting with Edward Jenner.

Computing

Mrs Munday will be teaching you word processing in your computing lessons and you will also be creating animations.

Music

In addition to our usual singing sessions, you will be having music lessons with Mrs Minns this term.

Design Technology

In D.T. you are going to design and make your own superhero (with a twist!) and a superhero vehicle for them to travel in.

PSHE

We will be finding out what to do in an emergency and thinking about the people who help us in emergencies and talk about how they are heroes.

Geography

In our geography lessons you will be using maps and atlases to help you name, locate and describe the five oceans.

You will also be locating the poles and thinking about the features of cold environments.

Science

We will be identifying a variety of animals (including humans!) and finding out what their super features are.
