Dear Parents / Carers

## Homework

Homework is learning that helps to support and reinforce the learning that is completed in class and, for older children, helps to prepare them for their continued education. Because the emphasis is on continued learning at home, we will now refer to home learning rather than homework.

From next half term, we will be setting home learning in a slightly different way. Rather than setting one piece of home learning per week, teachers will provide classes with a grid of home learning activities to be completed across the half term. Each week, your child can choose at least one of the activities from the grid to complete and should bring the completed activity in to school to share with their teacher. There will be more activities than weeks in order to allow a degree of choice.

As well as the weekly home learning activity, it is important that all children read daily.

Children will also be choosing and learning their own spellings which they will be expected to use in their class writing. Therefore, weekly spelling tests will no longer be set.

Home learning activities may include:

- Spelling activities
- Maths activities
- Times tables

- Research linked to in-class learning
- Activities linked to reading
- Grammar practice
- Speaking and listening activities

Please speak to your child's class teacher if you have any questions relating to this.

Yours sincerely

Julie Bennett

Senior Teacher
